DETAILED ACTION

Applicant's election with traverse of Group II, claims 6-7, 10-12, and 22-23 in the reply filed on 08/04/08 is acknowledged. The traversal is on the ground(s) that no adequate reasons and/or examples have been provided to support a conclusion of patentable distinctiveness between four groups and no burden exists in searching the claims for the four groups. This is not found persuasive because the search between groups I and II are based on different chemical structures of formula Im and formula I in that Im is in monomer form whereas I is in polymer form and the search for formula Im does not require the X component, as required in group II.

The requirement is still deemed proper and is therefore made FINAL.

Allowable Subject Matter

Claims 6-7, 10-12, and 22-23 are allowed because none of the prior art documents discloses or suggests the claimed formula (I) in the claimed norbornene ring opened (co)polymer.

Claims 8-9 and 16-19, embrace the composition of group II, will be rejoined and be allowed also. Therefore, claims 6-12, 16-19 and 22-23 are allowed.

This application is in condition for allowance except for the following formal matters:

Non-elected claims 1-5, 13, 15, and 22-23 must be cancelled in order for claims 6-12, 16-19 and 22-23 to be allowed. .

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).
